ATTORNEY GENERAL'S REPORT.

This document seems to have fallen still born from the pen of its author, "My son in law, Lewis." We have known the Attorney General for many years as a good pious class leader, always assiduous in the cultivation of a good conscience; we never knew him as a lawyer; he never had practice or experience as a lawyer; we would not disparage him as a lawyer; as a correct gentleman we could not, if we would.

That the Governor, simply because of the relation which he bore to him, should make him Attorney General, is a strong fact Republican Government.

The report begins and ends with Dad; he reminds the public that Dad appointed him to his place; he takes leave of the public by reminding them that Dad is a "patriotic Executive."

The report is made to Dad; Son Lewis tells Dad that his fees don't amount to more than $100 per annum, and "in view of the opinion of leading members of the Bar, without distinction of party" he suggests that the office of Attorney General be made a salaried office. He calls Bill Coleman "Hon. Wm. M." "Ye Gods!" what a prostitution of "honorable" is here seen.

The first case which received the attention of the Attorney General was the mandamus of the University Railroad Company against the Governor and Treasurer, for not issuing State bonds to the company in compliance with the law. The report says: "This case was prepared, taken up and decided by the Supreme Court, as is seen in the reports. In the case, the question of cost appears in a somewhat new light; the company gave no prosecution bond. The execution issued by the Court for costs is fruitless against the Plaintiffs, as the company was pronounced a myth, and the officers remain without pay. As such cases must be rare, and the costs too much to be borne by the officers, I would suggest that they, in this instance, be paid by the State."

When a mandamus issues, the law requires that bond should be given for costs; why was it not done in this case? But the officers of the corporation are not paid,—who are they, and what did they do? Rev. Solomon Pool is one director, "Son Joseph William" is another, and the Governor's brother, Elmore Woods, makes a third Director; now these gentlemen should have given security like other citizens when they brought their suit. As to pay, Joseph William was getting *per diem*, as Speaker, when the Directors of the University Road first met, we remember it well, for it was in attendance on that meeting that he broke his tickler. Mr. Pool was getting pay as President of the University, and Assessor for the District.—Now here comes an application from "Son Lewis" to Dad, to pay brother Joe and uncle Elmore Woods, for services rendered in a "myth." Son Lewis informs Dad that his duties are enormous and burdensome, but he has performed them without a single "mistake." But he shall have the benefit of his own words; "as yet no intimation of mistake has been received, and I trust my sincere and earnest efforts at duty herein, will continue to be well entertained by all concerned." We expect to take further notice of this report, but we feel sure Bill Arp is the only man in the *kingdom* who could do it justice.

THE MAILS—CHEAP LIBERALITY.

Some weeks ago the *Standard* contained the announcement that all the old mail routes in this State would be revived, if the people would petition for them and find persons to act as Post Masters or Post Mistresses at the old Post offices.—The papers throughout the State took up the theme and appeared to think that there was really something in it. We confess that we saw but little cause to be so sanguine in the hope of anything coming of it as most of them seemed to be.

The authorities at Washington have been silent or indifferent on the subject of mail facilities in the South for four years. They now propose to re-open the suspended routes. This act of grace, extended through Heaton, Deweese and other carpet bag *mis*representatives of North Carolina at Washington, can only be made available by finding men or women able or willing to do the necessary *hard swearing* to get over the impediment of the test oath. This has been the difficulty in the way all the time, and the authorities of the Post Office Department, as well as the Congress, know it full well. They know that in very few places can persons in the South take the test oath, and hence, this gracious offer of re establishing the Post Offices is no offer at all, and nothing can come of it.

The defunct offices are generally those that pay little or nothing to those who keep them, and are accepted as a matter of convenience rather than profit; there is, therefore, no inducement for persons who can take the test oath to remove to the localities in order to get the appointments; and the income being next to nothing, does not offer a sufficient bait for hard swearing, or swearing with "mental reservation," like the advantages offered by the income of District Attorneyships or Revenue appointments, &c., &c.

The only chance to have the post offices revived, that we can see, is to have some colored person, who can take the test oath appointed, whether he can read or write or not, and let him confide some capable person to attend to the business. But we have very little idea this will be done, and, indeed, we would not advise it, because there is an easier, shorter and better plan, namely, the abrogation of the odious and useless test oath, by Congress. The repeal of the test oath would at once render the re-establishment of the Post Offices practicable, without this repeal all this talk about getting up petitions and recommending post masters on the old routes, is a mere cheap sort of liberality—nothing but clap-trap and fustian. And all this Deweese, Heaton and the *Standard* know full well. We cannot feel as sanguine, nor as thankful for the promised relief as, perhaps, we ought under these circumstances.

KU KLUX IN JONES.

Jones county, it will be remembered, is one of the outlawed corners of territory, particularly alluded to in the Governor's late proclamation; and the awful, horrid outrageous demoniac, diabolical depredations there of those raw-head and-bloody-bones savages, the ku klux, were dwelt on and pictured in the most eloquent and appealing language, during the discussion of the militia abomination bill in the Legislature, before the recess.—To hear some of the speeches on that occasion, one would have supposed there was a ku klux in every hollow tree, and swarms of them in every old well in that county; and that they made it a business to have a young and tender black or white Radical for dinner every day.

In the face of all this, (and we have no doubt the *Standard* will be sorry to hear it,) the Sheriff of Jones county writes a letter to Mr. Kingsland, of this city, which we publish in another column, in which is a thorough refutation of the declarations in the Governor's proclamation; the highly wrought but groundless representations in the legislative speeches, and the false statements of the late appeal of the *Standard* "to the Congress of the United States." Read the letter.

Sheriff Pearce of Jones, like Sheriff Lee of Wake, is a Republican, and like him ought to know what he is talking about.—His letter is another proof of the falsity of the grounds given for the passage of the militia bill.

FALL OF A MULTITUDE—A SECOND STORY FLOOR BREAKS THROUGH AND DROPS A CHRISTMAS PARTY INTO A CELLAR.

We learn that an unfortunate accident occurred at Greene, in Coventry, last night, but which might amost be called fortunate, so many persons were put in mortal jeopardy, and yet escaped with unimportant hurts. A Christmas party had assembled under the auspices of the Ladies' Sewing Society, in the hall of a new building recently erected near the depot at Greene, and were engaged in pleasant festivities appropriate to the occasion.—The company numbered something more than two hundred. About 10 o'clock, just as Santa Claus, in full costume, entered the hall on his beneficent errand, the floor gave way without warning, and the party were precipitated upon the floor below with as much force as to carry that down also, and crushed promiscuously and broken floor timbers were tumbled in one promiscuous heap into the cellar.

Nearly half an hour elapsed before all could be extricated. Then, wonderful to relate, it was found that no one was killed, that probably not more than three or four had received fractures of their limbs, and that not more than twenty five had suffered very serious injury from the terrible crash.

It seems almost a miracle that the half dozen kerosene lamps were harmlessly extinguished in the crash, and that the stove, filled with glowing anthracite, was so near the chimney that it did not fall. If the burning coals had gone down upon that struggling mass in the cellar, the result might have been appalling. We hope to hear that no loss of life or limb will follow this disaster.—*Providence Journal, Dec. 25th.*

False Pretences.—The pretended reason why Attorney General Hoar is shelved, is locality. The true reason is, that he has expressed opinions of the unconstitutionality of certain acts of Congress, and does not like the Radical plan of subjugating the Judiciary. This killed him off. Centralization is now almost supreme. Farnsworth, Dawes, and Bingham are alarmed, and enter protests as boldly as they dare.—But it is too late. The Republic of Washington is sacrificed to the demon of Radicalism.

Denver Ladies.—A Denver reporter, in describing a ball, says that the married ladies of that city "always did discount the girls in grand dress, and they do it still;" and he mentions several who were "objects of staff for stylish grace and superb harness." A certain "quiet class of married ladies," however, all likewise mentioned by name, "were, as usual, well attired, though not fashionably stunning," and of this latter class it is said they "may be quoted always sterling—the style of wife it pays to have."

General G. M. Dodge is spoken of as United States Senator from Iowa, in place of Mr. Grimes. The Detroit *Free Press* says "this is the officer who made the memorable application to the Secretary of War to relieve him from a command in the South because cotton speculators had so nearly reached his price in trying to induce him to wink at their illicit transactions."

In South Carolina the vacancy on the bench of the Supreme Court is not yet filled, because there is an "obstacle" in the way. The obstacle is a candidate named Whipper, who is a member of the House, and who can command the requisite number of votes when the matter comes to be settled by a joint ballot. This the Radicals are shirking off, because, although Whipper is reputed to be the best looking man in the House, he is "coal black." The Radicals do not care to tolerate a "coal black" Supreme Court Judge. They have no objection to use the "man and bother" for their own preferment, but they don't like to have him come officially between the wind and their nobility.

The German universities are well patronized by Americans. It is estimated that over fifteen hundred pupils from this country are studying at present in those institutions.

An interviewing reporter has discovered that Mrs. James Fisk, Jr., lives in a Boston house, four stories high, and has upwards of $400,000 worth of jewels.

PLOWING IN AMERICA.

The time is coming when in many portions of the United States the steam plow will be permanently adopted. If, in a country of small farms like England, it can be made so useful as to render profitable lands, which without it, can only be worked at a loss, how much wider is its scope on our broad plantations, wide prairies, and river bottoms which are devoted to grain production.

The period is ripe for the introduction of a Yankee steam plow. Some inventors in this field have had the misfortune to live some years too early. But the inventive genius of the country is now fairly turned to the solution of the problem, and the steam plow of the time to come is now imperatively demanded.

In aiming at the production of a good steam plow, we think inventors have confined their efforts to the imitation of the work of the common plow. It is not quite possible that some other method of loosening the earth may be found to answer all the purposes of the furrow, without rendering large tractive power necessary?

The early, and still favorite method with gardners, is forking or spading up the ground, and there can be no doubt that in this way the soil is better prepared for the reception of seed than by the use of the plow.

No mowing machine inventor has ever succeeded in applying other than human strength to the working of swinging blades or scythes, though many have sought to do so. It is was not till the shearing principle as used in the common cutter bar was adopted that mowing machines found an abiding place.

But it may be objected that in plowing green sward it is essential to not break the earth to pieces, but to turn it over neatly, grass side down, so that the vitality of the grass roots may be destroyed and the turf may rot. We do not think the continuous furrow the only means whereby this may be accomplished, and we believe the plowing machine of the future will demonstrate the truth of our views.

A new locomotive plowing machine, capable of drawing a gang of plows through a stiff soil was recently tried at Rochester, it is said, with highly satisfactory results. The locomotive weighs scarcely more than two tons, but its tractive power is gained by a series of out thrusting flukes in the traction wheels, which penetrate the earth and are withdrawn by machinery inside as the wheels revolve. By this means the flukes only project from the wheels as they approach the earth on the under side of the wheel. There are springs attached to the flukes to relieve them when they come in contact with stones or other impenetrable substances. The plows are attached to this traction engine by chains, and at the trial three plows, each held in the usual manner by an attendant, were drawn in this way through a stubborn soil.

So much for the Rochester machine.

From New Albany, Ind., we learn of a new steam plow, the invention of a citizen of that place, and which is described at length in the *Daily Ledger*: "The framework, in fact the engine machine, is of pipes. The driving wheels are geared positively, and are driven by vertical cylinders, the pistons of which are attached by an irregular eccentric motion, direct from the engine. In addition to this motion eight toggle joints joining levers, which simulate the motion of a horse's leg, assist the driving wheels when they fail in their traction."

A description given in the *Daily Ledger* is not so clear as to give a very distinct idea of this plow; but we gather that the plows proper are attached to beams, which are raised or lowered at will, and move along with the traction engine.

A California inventor has also recently taken out a patent for a steam plow, the general principle of which, like those described, is the drawing of plows by a traction engine. We are not aware that the English method of drawing gangs of plows across fields by wire rope and drum finds much favor with American mechanics but if plows must be drawn through the earth after the old fashion, it seems a more economical plan than the use of traction engines for that purpose.

Carving New States out of Texas.—The Washington correspondent of the New York *World* states that the Radicals have in contemplation the following scheme to increase their power in the South and to offset the changes that may be made in that body against them in 1871 and 1873. *They propose carving Texas into two or three States.* The correspondent referred to says:

If the Legislature just elected there turns out to be Radical, it will of course be a very easy matter to get the assent of the State required by the Constitution of the United States to a division. A bill is now pending before the House Committee on Reconstruction to divide Texas by cutting off all that portion lying west and south of the Colorado river, and calling it the State of Lincoln. Even the boundaries of a third State within the limits of the old one are projected. When the Texas delegation are all admitted, and the State is fully represented in Congress, the plan of division will then be agitated in both Houses. The bill before the House committee furnishes the gist of the scheme as it exists in embryo.

Sheriff's Office, Jones Co, N. C., December 18, 1869.

R. Kingsland, Esq.:

Dear Sir:—On Wednesday last, I travelled from Raleigh to Newbern in company with Col. Gray, who informed me he was the travelling European Agent for the North Carolina Land Company, finding we were both born in England, we conversed freely, for strangers. Upon my telling him we had a large number of tracts of land in this county for sale, he suggested that I would write to you requesting an agency, which I now do. I feel confident that if I was an authorized agent of your Company, I would obtain the right of sale for you, of a number of farms in this county and Onslow. Our lands are said to be the best in this part of the State, our people are uniformly kind and hospitable, and anxious for emigrants to settle among them, but of course infinitely prefer those that have money sufficient to cultivate lands, without assistance.

The reports of Ku Klux outrages here are generally unfounded, we do not deny that murder has been done here, but where is the county that never had a murder in it?

I know of three farms being sold in this county the past year to strangers and hope a number more will be sold the year to come—wishing your enterprise all the success it merits. I am sir,

Your obedient servant,
JOHN PEARCE,
Sheriff of Jones Co., North Carolina.

A Missourian of Kansas City left a pair of boots tied behind the saddle of his horse as he stepped in-doors to "liquor." When he returned the boots were gone, but in their place a note: "To the owner,—I take these boots because I am barefoot and it is as cold as h—ll. When I get abell I will pay you for them, sure. Keep dark and see if I don't."

MEETING IN WILKES.

At a meeting of the people of Wilkes County held in the town of Wilkesboro' on the 25th of Dec., without regard to creed or party, the following proceedings were had. On motion of Col. R. F. Armfield, Dr. James Calloway was called to act as Chairman and I. L. Witherspoon as Secretary.

The following preamble and resolutions were introduced and adopted:

Whereas, Rumors have reached us that certain members of the existing Legislature of this State contemplate holding over the term of office for four years instead of two, and whereas, that body has actually gone so far as to refer the question of holding over to the Supreme Court of the State, for their opinion, now therefore

Resolved, That the members for Wilkes County were voted for and elected for two years only; if there was a single man in the county of Wilkes, who on the day of the election, cast his vote with the idea that the members of the Legislature were to hold for four years, we have never heard of him, and if our members hold longer than to the expiration of their two years term, they will do so in defience of the will of the people who elected them.

Resolved, That if the Legislature, as a body, should hold over beyond the term for which they were elected, whatever sanction they may obtain to their action from pretended Judicial Decisions, such an act will be the dissolution of the compact between the government and the people, the overthrow of the constitution and all representative government in the State, and will leave to the people to decide the single question, whether it is worse to submit to the tyranny of an usurped government, or incur the evils incident to its overthrow.

Resolved, That without the liberty of speech and freedom of the press, free government cannot exist in the State. And that we regard the recent attempt of the Supreme Court, followed up by the action of two of its Justices at Chambers, to disfranchise a body of citizens and deprive them of the means of supporting themselves and their families, because they had assisted political prostitution in high places, and spoken of known abuses with candor and boldness, as a stab at the liberty of every citizen of the State. And we call upon the lawyers who signed the solemn "protest," to yield no further, but make a firm stand for the cause which is the cause of all. And we assure them that all who love freedom of speech and the press will make common cause with them.

Resolved, That the measures lately introduced into the Legislature, proposing to arm and send forth a disorderly and partisan militia, declare martial law, and suspend the writ of *habeas corpus*, when there is no corner of the State where a single sheriff could not arrest any individual under process of law, and hold him to answer any charge, is a measure that could only have originated in the mind of a tyrant who thirsts for the blood of his peaceful fellow citizens, and desires to rebuild his desperate fortune upon his country's ruin.

Resolved, That the recent constitution adopted for the State, and the strange and new judicial system built thereon, threaten the whole State with bankruptcy, public and private, and the citizens with the utter denial of justice, and all, except the office holders, with confusion and ruin; and that we see no escape from those evils but by a return to the old ways in which our fathers trod. We therefore desire a restoration of our old constitution; with only such changes as the late revolution has made necessary; a restoration of our old courts and old laws; and above all, of the old economy and honesty in the government.

Resolved, That we regard universal suffrage and equality before the laws as fixed facts, not hereafter to be disturbed, and demand that universal amnesty and a repeal of all test oaths be added to them.

Upon motion it was ordered that a copy of the proceedings and of this meeting with the above resolutions be sent by the secretary to the Sentinel, and *American* at Statesville, for publication.

On motion the meeting adjourned.

PUBLIC MEETING IN FRANKLIN.

There will be a meeting of the citizens of Franklin County, at Louisburg, the 8th 1870, for the purpose of expressing publicly their indignation, on account of the Militia Bill pending in the Legislature, and to consider other matters of interest to the people of the State.

Mr. Dickens's new story, of which the first part will be published in March next, will, it appears, be completed in twelve monthly parts, instead of in twenty, hitherto the invariable limit of his stories published in this way.

The Wealth of California.—From figures furnished by the State Comptroller, it seems that the assessment of real and personal property in all the counties of California, for the current year, aggregate $258,046,325, a net gain over the previous year of $21,105 880. In the thirty two agricultural and commercial counties there was a gain of $26 388,000 in twenty seven, and a loss of $1 273,885 in five, leaving a net gain of $25 062,123. Of the eighteen mining counties only two show a gain, amounting to $266,206, while sixteen show a loss of $4 224,539, leaving a net loss of $3 958,343, reducing the net gain for the whole State as above.

PHALON'S
"VITALIA;"
OR,
Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

Phalon's "Vitalia" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. He'd it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

The Vitalia is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

Seasonable Groceries Upchurch & Dodd.

Warrenton is not excelled, in regard to eligibility, by any point in the State for schools, being easy of access, situated in the midst of a refined social atmosphere, possessing good Church facilities, and as healthy as any spot in the State; while the mental and moral qualifications of Faculty and teachers, and the known excellency of Mrs. Jones as Matron, give it advantages rarely equalled and not excelled by any female College in the South.

Warrenton Female College.—We fell in company recently with some young ladies who were in attendance at this institution during last session, and on asking them how they liked &c., was answered, 'first rate; it is a second home; everything connected with the school works so smoothly and we are all treated so kindly, that the most perfect satisfaction prevailed."

The success of the past session was gratifying, and the prospect for a large increase the next, which will begin on the 12th January, is very flattering, a large number of "new girls" having already applied for admission. The means of accommodation, however, are very ample, and will be sufficient, no doubt for all demands.

Thomasville Female College.—We have received a circular of this institution, now under the management of L. W. Andrews, President, and his excellent lady, formerly Miss Fannie Ogburn of Greensboro', as Matron. A corps of experienced teachers in the various departments has been secured, and the College offers excellent facilities for aquiring an accomplished education. We refer to the advertisement in another column.

We learn from the Newbern *Journal of Commerce* that Jesse Watson, colored, a criminal who was sentenced to twenty years imprisonment, at the last term of the Superior Court of Lenoir county, for highway robbery, and who made his escape about a month ago, has been recaptured by Deputy Sheriff Cully with the assistance of John Williams, colored, and is now confined in Craven street jail.

Sale of Land in Wake.—On the 23rd inst., the large and valuable plantation belonging to Col. G. H. Faribault, lying on Neuse River, St. Mary's District in this county, containing 830 acres, was sold at public auction in this city, and was purchased by Mr. Haywood Griffis for $8,500, which is considered a very good sale. This place adjoins the lands of Mr. Griffis, who, with this land becomes owner of one of the largest and finest landed estates in the county.

MEETING IN PITTSBORO—CITIZENS OF CHATHAM RALLY!

There will be a meeting of the citizens of Chatham, at the Court House, in Pittsboro', on Saturday, 8th January, 1870, to consider the bill now pending in the Legislature, and other matters affecting the county.

It is hoped that Gov. Reuther, Gen. Jackson, Mr. Manning, Maj. York, J.G. Rencher, H. A. London, Esqrs., and others will address the meeting.

MANY CITIZENS.

R. G. Ivey will very soon open a Grocery Store on the premises of W. G. Riddick about 8 miles Northeast of this city.

The business will be conducted by W. G. Riddick, as agent.

Persons can be supplied with everything in the grocery and provision line upon the most reasonable terms.

Paid by the Ætna Life Insurance Co., through the hands of W. H. Crow, General Agent, for the State of N. C., and south of the James Two policies upon the life of J. A. Moore, of Raleigh, No. 17,296, $10,000; No. 19,416, $5,000. This is but another illustration added to the many already made known to the public, of what this old and reliable Company is doing in our State.

The following note is appended by permission:

Mr. Crow:—Please accept my thanks for your untiring energy and perseverance in procuring for myself and child, the amount due us, from your Company, also my appreciation of your promptness and kindness in our behalf.

Very Respectfully,

Mrs. James A. Moore.

Raleigh, Dec. 14th 1869.

California has had another big earthquake. It occurred at 6 o'clock on Sunday evening, and was felt far down the coast, and eastward to Nevada. The shaking was tremendous. Church bells were rung, walls were thrown down, clocks were stopped, and railroad trains were injured by the tossing of heavy rocks upon the tracks. The consternation was very general. The dispatches, which are brief, add a postscript that the shocks continued all of Sunday night. No loss of life is yet reported, but probably the people are in terrible apprehension of something worse to come.

COUNTY MEETING.

Cheering indications of a large meeting of the citizens of Wake, to express the views and feelings of the people in regard to public measures, meet us on every hand. The sturdy, hard working, tax paying people of the county are aroused, and we look for a full turn out when the day shall be appointed, which we learn will be about the 10th of January. Let all who feel the burdens imposed on them by a corrupt and extravagant administration come up, and show by their presence and co-operation that, although they may be forced to submit to the outrages practiced on them, they are not disposed to do it quietly and silently.

Coming Down.—We noticed yesterday that the scaffolding around the new Market House is being taken down, all the exterior work, except a portion of the painting on the side, having been completed.—We hope soon to see the yard leveled and paved or McAdamized, and the stalls erected, so that we can purchase a dinner, (whenever we can afford to do so) in some degree of comfort.

By-the-way, we understood a few days ago, that the plans, specifications &c., on which the contract for building the Market House was founded, has been accidentally misplaced or lost. If this be so, we are at a loss to guess how the Committee is to decide as to whether the contract has been complied with.

Between a Shy and a Wild.—We don't know which the editor of the *Standard* is most frightened at, the Ku Klux, or Democratic opposition for the city offices. Sometimes he snuffs Ku Klux in the breeze, and cries out to Congress for help and protection; and next, as was the case yesterday morning, he distinctly discovers an invisible plan to slip in Democrats in the city offices; a trap to be suddenly sprung at the last moment and throw Radicalism as high as Teneriffe. Truly we fear that the ghosts of Democracy and Ku Kluxes will be the death of that man, yet

The Johnston County Case.—We failed to notice yesterday, in connection with the Johnston County horse stealing affair, that Squire Snead was one of the new-fangled twenty dollar lawyers, in order to become which he had, like Chicken Stevens, to prove a good moral character.

After all, it may be that Snead, in his raid on the horses of the drover, was merely enabling himself to comply with orders from head quarters, as it will be remembered that Dolan, some time since, issued instructions that Assessors, under certain circumstances, should be armed and mounted.

Some are of opinion, however, that Snead had aspirations for Congressional honors, and went into this little speculation with a two-fold object in view, first, to give him prestige and strengthen his claims with his party, and secondly, he concluded that he could make a better run on horse back than he could stool. We notice that upon this manifest predilection for artificial locomotion among the faithful in Johnston, the *Standard* strongly hints at a movement for turning the N. C. Railroad across by Smithfield. We await developements.

Gen. R. B. Vance, M. W. G. M., of the Masonic order of this State has appointed Hon. W. M. Cocke, of Asheville, Grand Lecturer of the State.

An Established Remedy.—'Brown's Bronchial Troches' are widely known as an established remedy for *Coughs, Colds, Bronchitis, Hoarseness* and other troubles of the *Throat and Lungs*. Their good reputation and extensive use has brought out imitations, represented to be the same. Obtain only "*Brown's Bronchial Troches.*'

The Great Pictorial Annual'.

Hostetter's United States Almanac for 1870, for distribution, *gratis*, throughout the United States and all civilized countries of the Western Hemisphere, is now ready for distribution, and all who wish to understand the true philosophy of health should read and ponder the valuable suggestions it contains. In addition to an admirable medical treatise on the causes, prevention and cure of a great variety of diseases, it embraces a large amount of information interesting to the mere ant, the mechanic, the miner, the farmer, the planter, and professional man; and the calculations have been made for such meridians and latitudes as are most suitable for a correct and comprehensive National Calendar

The nature, uses, and extraordinary sanitary effects of HOSTETTER'S STOMACH BITTERS, the staple tonic and alterative of more than half the Christian world, are fully set forth in its pages, which are also interspersed with pictorial illustrations, valuable recipes for the household and farm, humorous anecdotes, and other instructive and amusing reading matter, original and selected. Among the Annuals appearing with the opening of the year, this is one of the most useful, and *may be had for the asking*. The proprietors, Messrs. Hostetter & Smith, on receipt of a two cent stamp, will forward a copy by mail to any person who cannot procure one in his neighborhood. The BITTERS are sold in every city, town and village, and are extensively used throughout the entire civilized world.

How Government Officials are Reconstructed in Virginia.—There was from the first general dissatisfaction expressed at Gen Canby's appointment of sheriffs and other officials throughout unreconstructed Virginia. It now appears—in some instances at least—that the dissatisfaction thus manifested was not without good reason. Several sheriffs throughout the State are publicly charged as defaulters in large sums to the government. One of these worthies, ex-sheriff of Culpepper county, has been tried and found guilty by a military commission of embezzlement to the tune of twelve thousand dollars, and sentenced to five years, with hard labor, in the penitentiary. Another ex-sheriff and ex chaplain has been arrested for a similar offence, and his trial fixed for an early day. Reconstruction of a State out of the Union is a good thing, but the reconstruction of embezzling officials is not at all a bad thing. Let the good work proceed.—*New York Herald.*

A Modern Bluebeard.—John Hickman, who murdered his wife a few days ago near Chandlerville, Ill., and had previously killed a former wife near the same place, was formerly a resident of Pottstown, Pa. While living in that region he was twice married. He murdered both wives and was declared insane. He then removed to the West, where he has just killed his fourth wife.

DR. LAWRENCE'S

Highly Concentrated Compound

FLUID EXTRACT OF

Koskoo!

THE GREAT HEALTH RESTORER!

NOT A SECRET QUACK MEDICINE—FORMULA AROUND THE BOTTLE.

Prepared Solely by

J. J. LAWRENCE, M. D.

ORGANIC CHEMIST,

NORFOLK, VIRGINIA.

☞ Beware of Counterfeits. See that Dr. J. J. Lawrence, Chemist, Norfolk, Va., and the word KOSKOO, is BLOWN ON THE GLASS of each bottle. ☜

Koskoo is endorsed by the best physicians everywhere. Read the following from Dr. Tillery, a successful practitioner of many years standing in the Old North State:

Rocky Mount, Edgecombe Co., Sept. 16, 1869.

DR. J. J. LAWRENCE—Dear Sir: I have used your Concentrated Fluid Extract of Koskoo in the practice with the *happiest results*. I find it to be a *powerful Liver Invigorator Blood Purifier* and *Nervous Tonic*. In all diseases of the Liver, Scrofulous Syphilitic, Nervous Affections, *it is a remedy of immense value*; in fact, in almost every variety of Chronic Disease its use is indicated. Hoping you may meet with the success which you deserve as a manufacturer of *reliable* medicines, I am sir, with much respect your obedient servant,

H. C. TILLERY, M. D.

From Dr. Fentress, an accomplished and experienced physician.

Princess Anne Court House, Va. Sept. 13, 1869.

J. J. LAWRENCE, M. D.—Dear Sir: I have carefully examined the formula, as well as the Therapeutic properties of your Koskoo compound, *and have prescribed it in some stubborn cases of Chronic Liver Affections Dyspepsia, General Debility, &c., and always with the most gratifying results*. I find it to be a splendid *Tonic Alterative, and Hepatic* combination, accomplishing its constitutional effects *without the slightest debility*; in fact *it gives fine support to the General system* while its alternative effects are being produced. *I cheerfully recommend its use to the public.*

Yours, truly, T. F. FENTRESS, M. D.

KOSKOO CURES SCROFULA IN ITS WORST FORMS.

From Mr. A. W. Mills, a prominent and well-known merchant of Norfolk, Va.:

No. 11, Main St., Norfolk, Va., Sept. 13, 1869.

DR. LAWRENCE—Dear Sir: Your Koskoo has worked wonders in my family. My daughter has been a sufferer from Scrofula since childhood. She lost thirty-one pieces of bone from her ankle, several from her arm, besides having sores in several parts of the body. Whilst in this condition she commenced taking your Koskoo—IT ACTED LIKE A CHARM ON HER—UNDER ITS USE THE ULCERS GRADUALLY HEALED, AND HER GENERAL HEALTH GREATLY IMPROVED. It certainly saved her much suffering, and perhaps her life. I regard Koskoo a SPECIFIC for all scrofulous affections. Your Koskoo also cured my wife of dyspepsia, from which she suffered greatly. She is NOW IN BETTER HEALTH THAN SHE HAS BEEN IN FIVE YEARS.

With the highest regards, I am gratefully yours, &c., A. W. MILLS.

KOSKOO, THE GREAT INVIGORATOR.—Read the following from the Rev. Joseph E. Martin, pastor of Wesley Chapel, Portsmouth, Va.:

"This is to certify that myself and wife have used Dr. Lawrence's Koskoo, and can testify to its beneficial effects. For years prior to taking it we were in a condition of debility—had no appetite, and suffered from sudden and often violent attacks of headache and nervousness. Two bottles of Koskoo has improved our general health, and we regard it as invaluable, and most cheerfully recommend it to all who have need of an *Invigorator*. Yours, &c.,

JOSEPH E. MARTIN.

KOSKOO!

CURES CHRONIC RHEUMATISM.

Norfolk, Virginia, September 7, 1869.

DR. J. J. LAWRENCE—Dear Sir: My son has received so much benefit from your wonderful Koskoo that I cannot refrain from expressing my gratitude. I had tried almost everything without benefit. I believe, in all sincerity, that your Koskoo is AN INFALLIBLE REMEDY for the disease from which he has suffered, and, so far as I can learn, has never failed. If you only knew the immense amount of suffering that he has undergone, then you could conceive the value of such a remedy as Koskoo—THAT SURELY CURES. The great amount of good it is now doing among us is inestimable.

With much gratitude, I am respectfully yours, &c., MRS. M. E. McNELSON.

Dr. Lawrence—Dear Sir: Having been treated by several skilful physicians for Dyspepsia, Chronic Disease of Kidneys, General Debility, &c., without benefit, as a last resort I commenced the use of your Koskoo, and am pleased to say that under its use my health has been entirely restored.

I am, sir, with much respect your obedient servant, O. B. MEARS.

No. 5 Market St., Norfolk, Va., July 6, 1869.

Pacific, Franklin Co., N. C., Sept. 11, 1869.

This is to certify that for a long time I suffered very much from inaction of the liver and constipation of the bowels and tried several remedies, but received no benefit until I commenced taking Koskoo. I took the medicine about one month, and I was completely cured and have remained well. I know of several cures made by Koskoo, and can cordially recommend it as a good medicine. JOHN H. BAKER.

From Mr. Womble, a prominent hardware merchant of Norfolk:

No. 13 MARKET SQUARE, Norfolk, Va., Oct. 23, 1869.

DR. LAWRENCE—Dear Sir: To the large number of testimonials which you offer of the great efficacy of your Koskoo, I take pleasure in adding my own. I suffered greatly with Nervous Debility, Headache, Loss of Appetite, &c. Two bottles of Koskoo RESTORED ME TO HEALTH.

Yours, truly, J. G. WOMBLE.

From Rev. W. H. Christian, Pastor Dinwiddie Street Methodist Church:

Petersburg, Va., October 25, 1869.

This is to certify that I know Dr. Lawrence well. He is a gentleman of cultivation, and worthy the fullest confidence. I have used his "Koskoo" with advantage to myself, and have adopted its use in my family in cases of nervous debility and depression.

W. H. CHRISTIAN.

From Rev. C. H. WILEY formerly State Supt. of Education.

BRISTOL, TENN., Oct. 14, 1869.

I had seen by the papers what had been done by the Board of Education in North Carolina and was glad. I had ample reasons for my former recommendations in the use of the books in our schools.

These Books are Used by the Best Schools in the State.

Late Testimonials in Brief.

It affords me great pleasure to bestow on them my heartiest commendation. They are vastly superior to any other books of the kind I have yet seen.—W. H. WEAVERLY, Prin. Clas. and Math. School, Elizabeth City, Oct. 25, 1869.

Send me ten Davies' Intellectual Arithmetics for introduction. They are superior to any I have seen.—W. F. ENGLISH, Mount Olive, Oct. 20, 1869.

I intend using the same books in my school as those used in the Common Schools. * * I am already using Monteith's Geographies.—JOHN D. JOHNSON, Yadkinville, Sept. 28, 1869.

I am and have ever been an earnest advocate of uniformity in school books. The Board recommendations—Arithmetics and Geographies—are the best that could have been made.—H. H. SMITH Lincolnton, Sept. 28th, 1869.

Because these books are adopted by the State Board, as well as for the merits of the books themselves, we wish to introduce them, and use them exclusively in our school.—Rev. S. C. ALEXANDER, Charlotte, Oct. 11, 1869.

Steele's "Nat. Philosophy" received. Am struck with its superiority to the other in many respects. As a class is waiting, substitute in any order Steele's Philosophy for first introduction.—G. W. JEWETT, Wilmington, Oct. 13, 1869.

Davies' Mathematics was adopted by me in 1855, and up to this time I have examined no work superior to them. I have examined McNally's Geography and Peck's Ganot's Natural Philosophy. I consider them most excellent works and shall put them into my boys' hands at the earliest period.—J. E. DUDLEY, Prin. Male Academy Warrenton.

It is my purpose to introduce Monteith's (No. 4) into my school. I give it the preference for the information which it gives on the subject of Texas and any other Geography. The maps and questions in both works (Monteith and McNally) seem to me to be admirable.—Rev. ALBERT SHEDD, D.D. Rector of St. Mary's, Raleigh.

The system of Geography—Monteith and McNally—I am well pleased with.—Rev. WM. S. LACY, Raleigh.

Davies' Arithmetics, Monteith's Geographies and the National Readers are too well known to require a word from me. Monteith and Davies are the best that I am acquainted with.—Prof. FRANK VAUGHAN, Elizabeth City, Oct. 11, 1869.

I have waited patiently for the adoption by the Board of Education of this State of the books to be used in the public schools, and am much pleased to find that so many have been selected from the National Series.—Rev. W. L. MILLER, Graham, Oct. 1, 1869.

Am much pleased with both the Spellers and all the readers; and as to the Series of Geographies, I have long used no others when these could be obtained. Dr. WM. B. HARREL, Prin. High School, Snow Hill.

In the introduction of so much valuable matter on the subjects of Physical Geography and Geology, and in a form so simple and intelligible makes it, (Monteith's Intermediate Geography) in my judgment, a charming school book.—Gen. WM BINGHAM, Prin. Bingham School.

I design introducing McNally's Geography and Davies' University Arithmetic.—Dr. CLOSS, Prin. Durham Academy.

Will introduce the University Arithmetic next term. An admirable work.—M. L. LITTLE, Prin. Pleasant Hill Seminary, Newton.

Monteith's Geographies are excellent works, and I shall introduce them into my school.—SIDNEY PUFF, Prin. Auburn Academy.

The superior and durable style of binding of your works is a very great recommendation, one with which I have long been favorably impressed.—Prof. WM. A. GRESCHAM, late Hillsboro' Military Academy.

I have introduced your National Series of Readers. We find them to be excellent, just suited to our purpose. With Davies' Mathematical series we have been long familiar, and can find no good reason for changing them. In the Primary Department we have Monteith's Geographies.—Rev. G. D. BERNHEIM, Prin. Female Seminary, Mount Pleasant.

The National Series of Readers and Spellers are the best with which I am acquainted. I shall henceforth use no others in my school. I use Davies. I consider his works incomparably superior in many respects. Monteith's Series afford a gradual but thorough and systematic progression.—Prof. Jos. H. FOY, President Stantonsburg Scientific High School.

I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind. It has several points of superiority over most primary Geographies; Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography.—Prof. W. C. KERR, State Geologist of North Carolina.

Mr. Taylor Johnson, Olive's Chapel, has introduced the National Readers, Monteith's Geographies, Davies Arithmetics, Clark's Grammars, etc.; Mr. John Franks, Grove P. O., has introduced the National Series throughout; Mr. W. A. Branch, New Hill P. O., uses the National series throughout; Mr. Adolphus Rogers, Green Level P. O., uses the National Reader, Copy-Books, Monteith's Geographies, and York's Grammar; Mrs. Emma Bangham, Cary P. O. uses the National Series; Mr. H. C. Olive, New Hill P. O., introduced Monteith's Geographies. There are now at least 250 pupils in Wake and Chatham counties who are daily using the National Series of books, within my knowledge.—Prof. W. H. MEBANEY, Chatham county, sept 14, 1869.

I am glad to learn that some of your books are to be introduced into our State Schools.—Prof. J. M. M. CALDWELL, Greensboro' High School, Oct. 23, 1869.

Distinguished Editors and Critics Praise Them.

The Series must prove acceptable. The structure of language is beautifully exhibited.—Fayetteville *Presbyterian*.

This firm will allow no competition in the price of books published by them which are among the best in the State.—Statesville *American*, 1866.

Have a reputation for merit unsurpassed.—Statesville *American*, 1869.

Peculiarly adapted to supply the wants we have long felt.—Greensboro' *Patriot*.

Have acknowledged superiority by the most competent judges.—Western *Sentinel*.

Davies is excellent in the first degree.—Wadesboro *Argus*.

Are excelled by none of the many used, and they are superior to most of them.—Newbern *Journal of Commerce*.

When we examine the bright pages of the National series, and think how we groped along the dry and uninteresting "task" of our boyhood, we are constrained to be envious of the happy pupils of the present.—Wilmington *Post*.

The National Series has attained probably a higher reputation than any other complete series of School Books now in existence.—Wilmington *Herald*.

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested through at the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed net assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 12,337 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
